

Sound Sensitivity Checklist

Owner name

Dog's name

To my dog's veterinarian:

My dog is scared of the following noises:

- thunder fireworks gunshots electronic beeps
 whistles the low battery peep of a smoke alarm
 rain wind sirens if I drop something
 other dogs barking trucks other (specify below)
-

My dog shows the following signs of fear of the noises:

- shivering panting drooling seeking comfort
 hiding whining running away

When my dog gets scared of a noise, this is how long she stays scared after the noise stops:

- a few minutes an hour a few hours a day
 several days she hasn't recovered

I am also concerned about the following fearful or anxious behaviors:
